Joint Installation Held By Pahokee, Canal Point Clubs

New officers of the Pahokee and Canal Point Garden Clubs for the 1966-67 year were inducted at the annual joint installation luncheon held by the two clubs in the Community Building at the Glades Park on Tuesday of this week.

Officers installed for the Pahokee Garden Club were Mrs. Lloyd Hundley, president; Mrs. Robert B. Simonson, vice president; Mrs. Norman Kennedy, secretary; Mrs. O. R. Blech, assistant secretary; and Mrs. Gertrude Williams, treasurer.

Inducted as officers for the Canal Point Garden Club were Mrs. Leo P. Hebert, president, Mrs. G. H. (Duke) Tucker, Sr., vice president, Mrs. A. H. Scruggs, secretary, and Mrs. O. H. Sheppard, treasurer.

The installing officer, Mrs. Don Hillier, of Lake Worth used "The Periwinkle" in carrying out the installation theme, presenting to each officer a lovely nosegay made of periwinkle flowers, which were tied with brightly colored ribbons to signify the offices in which they were installed.

The hospitality committee of the Pahokee Club, including Mrs. W. A. Keen, Mrs. O. R. Blech, Mrs. Sarah Henderickson and Mrs. Leo Maxwell, was in charge of table decorations, which featured several large bottles painted blue and covered with net, serving as vases for novel arrangements of hibiscus. The bottles with their flowers were presented to lucky winners to take home in a drawing held at the close of the meeting. The hospitality committee of the Canal Point Club made arrangements for the luncheon menu.

Wayne Hundley, pianist, furnished background music during the luncheon, and played several special numbers from the motion pictures, "Sound of Music" and "Gone With the Wind."

All officers installed were presented with orchid corsages, and Mrs. Hillier received a gorgeous orchid plant, as a gift from the two clubs in appreciation of her services as installing officer. Mrs. Floyd Erickson, outgoing president of Canal Point Club, also received an orchid plant from her group. It was announced the Pahokee Club is honoring its president, Mrs. Lloyd Hundley, by having her name inscribed on a plaque to be placed on one of the trees on the grounds of the Everglades Memorial Hospital.

Reports on club activities during the past year were given by Mrs. Hundley and Mrs. Erickson. Highlight of the Pahokee Club's project work during the year was its participation in the landscaping of the grounds of the new Everglades Memorial Hospital building on South Barfield Highway. The Canal Point Club's principal project was the beautification of the roadside park at Canal Point.

It was announced the annual Spring Conference and Program Planning for Garden Clubs will be at Palm Springs on May 27, this year.

Cheshire Farms switches to Electric Irrigation Pumps

...Does the job
with a third less
running time

Cheshire Farms in Deerfield Beach, Florida, recently changed from fuel-driven irrigation pumps to electric.

Says Russell M. Cheshire: "Our experience shows that the electric system is the easiest, most trouble-free, and convenient system we have had the pleasure of using. In addition, we were pleasantly surprised at the economical operation of our pumps."

"Our practice is to flood our 500 acres with water to one foot in depth for two months to control nematodes," declares Mr. Cheshire. "The flooding this year — the first time with electric driven pumps — was done faster and with a third less running time than in previous years."

Electric-powered irrigation is a profit-making, labor-saving production tool. Connect a dependable electric motor to your seepage or irrigation pumps. Easily controlled with a time clock or float switch.

Summer School For Glades Area

The Palm Beach County school system is offering for the first time in the Glades area a summer school for all students who wish to either strengthen themselves in courses that they will be taking in the future or for credit in courses they may have failed.

The Summer School is locally financed and locally operated. In Palm Beach County junior and senior high schools are involved in summer school. Credit is given for courses successfully completed for new subjects or for subjects failed during the regular school term. Completed (passed) courses are recorded on a student's permanent record and become a part of his recorded school program.

Palm Beach County Summer School is an extension of the regular school program offering educational opportunities for students as follows:

1. To take new work.
2. To reinforce a subject area where there is a weakness.
3. To repeat a failed course.

For example, a student may find the regular school year so crowded that he is unable to take some desired subjects. The student can get these courses or required courses in summer school. A student may pass a subject but feel that a review of the course would be desirable before he goes on to the next level. Finally, it would enable students to make up failed courses.

The summer school for the Glades area will be at Pahokee Junior-Senior High School. All students throughout the Glades area who wish to attend may register June 13, between the hours of 8:30 a. m. and 1:30 p. m. Because this is locally financed there will be a \$36.00 fee for all participants.

Dear Friends:

I am pleased to announce General Motors has appointed Mr. Hugh Platt as your new local Chevrolet-Oldsmobile dealer. Mr. Platt comes from Plant City where he has been active for many years in the sale of General Motors products. His lovely wife and three children will join him here after school closes. The business will continue at the same location and I know you will extend to them the same warm welcome and "Glades" hospitality that you gave to us sixteen years ago when we came to this community. It is with confidence that I recommend Mr. Platt to you whom I believe will be an asset as a business man and civic leader in the area.

One of the greatest treasures left me by my late husband was our staff of employees. Please allow me to here publicly express a deep sense of appreciation for their many kindnesses, loyalty and devotion beyond their regular duties, especially during these past few difficult months. It has been an enriching experience to work with them, and I am pleased to know they all will join Mr. Platt in continuing to serve you.

To you, our long time friends and customers, I also thank you for the pleasure we have had in serving you over the past many years, and especially for your patience and understanding during this transition period. I love and cherish these friendships and it has been a great sustaining force during this time of difficult decisions for our family.

Sincerely,

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS
